

COUNTY OF YORK

MEMORANDUM

DATE: March 28, 2006 (BOS Mtg. 4/4/06)

TO: York County Board of Supervisors

FROM: James O. McReynolds, County Administrator 

SUBJECT: Designation of Real Property Tax

In order for the School Division to be eligible for certain funds under Public Law 874, which deals with Impact Aid, it is necessary for the County to designate a certain portion of its real property tax for school purposes. This is the result of the York County School Division being a fiscally dependent local educational agency having no independent taxing authority. The Board of Supervisors adopted resolutions designating portions of the fiscal year 1993 through 2006 real property taxes for school purposes. The federal government found these resolutions to be satisfactory, and the attached resolution is intended to perform the same function with respect to fiscal year 2007.

In order to be eligible for these funds next fiscal year, it is my recommendation that the Board adopt proposed Resolution R06-37.
